Aspiring DevOps Engineer with a strong background in analytical operations and process optimization. Hands-on experience with AWS, Kubernetes, and Terraform through intensive technical training and real-world projects. Passionate about automating CI/CD pipelines and managing cloud-native infrastructure with a focus on reliability, security, and cost efficiency.

SKILLS

Cloud & IaC: AWS (EC2, VPC, EKS, RDS, IAM, S3), Terraform, CloudFormation

Containerization & Orchestration: Docker, Kubernetes (EKS), Helm

CI/CD & Automation: Jenkins, GitHub Actions, Maven, SonarQube, Git/GitHub

Monitoring & Logging: Datadog, AWS CloudWatch, Prometheus

Networking & OS: VPC Architecture, Route 53, Security Groups, Linux (Ubuntu), Bash Scripting

WORK EXPERIENCE

DevOps Intern   **Aug 2025 - Present**
Gremeo Pvt Ltd   **Pune**
- Automated CI/CD pipelines using Jenkins, reducing deployment time by 40%.
- Deployed microservices on Kubernetes (EKS), improving scalability and resource utilization by 25%.
- Provisioned AWS infrastructure using Terraform, ensuring consistency across environments.
- Built Datadog dashboards and alerts, reducing Mean Time to Detection by 30%.

Senior Executive   **Dec 2020 - Jul 2025**
MSC Service Center India Pvt Ltd   **Pune**
- Managed export documentation for US, China, and Mexico with 99% accuracy across 750+ shipments monthly.
- Streamlined validation workflows with global teams, reducing delays by 20%.
- Created weekly quality reports, reducing documentation errors by 30%.
- Mentored 20+ new hires, increasing team productivity by 25%.

PROJECTS

Kubernetes Deployment on AWS EKS (IaC) ↗   **Oct 2025 - Dec 2025**
- Deployed production-ready EKS using Terraform, reducing environment setup time by **70%**.
- Implemented IRSA-based RBAC, improving cluster security by **60%**.
- Integrated Datadog monitoring, cutting incident detection time by **35%**.
- Optimized autoscaling, improving resource utilization by **25%** and lowering cloud costs.

Secure Multi-Tier VPC Architecture   **Sep 2025 - Oct 2025**
- Designed a 3-tier VPC with public, private, and isolated subnets.
- Configured NAT Gateway and Bastion Host to minimize attack surface.
- Applied least-privilege security using Security Groups and NACLs.
- Created custom Route Tables for optimized traffic flow.

EDUCATION

Bachelor of Accounting and Finance (BAF)   **Sep 2017 - May 2020**
Nirmala Memorial Foundation College
- Developed strong analytical and problem-solving skills.
- Completed academic projects and presentations.

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

Student Volunteer   **Jan 2018 - Mar 2020**
Technical Events   **Mumbai**
- Supported IT setup for college technical events.
- Assisted participants with system access and troubleshooting.
- Maintained event documentation and attendance records.
